Crimcheck.com partners with Psymax Solutions

Crimcheck.com has formed a unique partnership with Cleveland based **PsyMax Solutions**, enhancing our already extensive service list to include online psychological selection testing products.

Psymax Solutions online testing is now available through Crimcheck.com for both hourly level and customer service positions. Test implementation and results have been fully integrated into our online RTA portal so that the testing process flows seamlessly with our other pre-employment screening processes.

Industry studies prove that a bad hire can cost a company 150% of the terminated employee's annual salary, not to mention the effect a bad hire can have on the long term viability of the business.

Ted L. Moss, CPP, President and CEO of Crimcheck.com states, “We have formed a unique alliance in which Crimcheck.com and PsyMax Solutions have combined

expertise and resources to provide a single source for employers who need to ensure a safe work environment for both clients and employees. As a part of any comprehensive risk mitigation program, employment screening is a must. Now, with our partnership with Psymax Solutions, Crimcheck.com offers a complete line of online testing and verification tools.”

Welcome to the newest members of our team

Please join us in welcoming the newest members to our team:

We are proud to announce that **Patrick Murphy** has joined us in the position of **Vice President of Business Development**. Patrick comes most recently

from ICI Paints where he worked as the Property Development Manager.

Marissa Gambitta and **Derek Fabris** have joined our team in the Customer Support Services Division.

We also welcome **Loren Yadeski** into our IT Department as Lead Programmer on the Web Development Team.

In addition, **Barry Snyder III** joined the IT Department also on the Web Development Team.

Crimcheck.com is now a preferred vendor for the FBI National Webcheck™ Fingerprint Scan

For the convenience of our local clients, Crimcheck.com now offers **FBI National Web Check Fingerprint Scanning** services alongside of the **Ohio State Web Check**, an “Ohio State-wide” criminal record check.

Local businesses and the general public who are in need of a quick and easy fingerprint based criminal record check through The Ohio Bureau of Criminal Investigation and the FBI database AFIS (The Automated Fingerprint Identification System) can set up an appointment by calling our main office at 877-992-4325.

The scanner system has provided Crimcheck.com with a powerful tool; to offer clients the ability to comply with state laws in regards to out of state applicants who intend on working with children or the elderly. Typically, clear BCI results will be returned as soon as the same day or within 24 hours.

Legislation requiring industries to conduct these checks has proliferated since 9/11. In fact, recent legislation requires drivers who want to renew or transfer HAZMAT licenses to undergo a background check based on their fingerprints. Schools, home healthcare work-

ers and private security personnel are just a few of the employment sectors which require a fingerprint check.

At Crimcheck.com, our goal is to help provide a safe work environment for our customers, employees and their clients.

Pedotracker.com—a free public service – soon to be offered nationally

Crimcheck.com provides a free statewide sexual offender database check through www.pedotracker.com for residents of Ohio

Crimcheck.com now offers a free statewide sexual offender database search for the state of Ohio on the website www.pedotracker.com. This website is offered free as a community service.

Released just before Halloween, residents of the state of Ohio were encouraged to use this website in order to pre-screen their children’s trick-or-treat route for sexual offenders who may be living in their area.

Ohio residents can use this site’s free service at any time to determine if any registered sexual offenders are present in their neighborhood. The database can be searched by city, zip code or street address.

By Mid 2008, the Pedotracker.com site will offer a national database of sexual offenders. Check back often to see what jurisdictions have been added in your area.

Enter the Crimcheck.com "Guess the Mugshot Contest"

Crimcheck.com would like to thank participants in our "Guess the Mugshot" contest which ends on December 15th. The lucky winner will win a PlayStation 3™.

Visit our website to enter the "Guess the Mugshot" contest. Clues and entrant information are posted at www.Crimcheck.com.

Drug testing results now available online

Crimcheck.com is partnered with Total Compliance Network and their nationwide network of LabCorp and Quest labs. If you utilize our services for drug testing, you now have the ability to view and download your applicant's drug test results online via our web portal at www.crimcheck.com. Just sign into your account, choose view, and download your results into Excel or any other spreadsheet program. We offer 5 and 10 panel screens and ODOT compliant drug screens. Visit crimcheck.com for more information.

Crimcheck.com is awarded prestigious Weatherhead 100

On December 4th, Crimcheck.com was recognized as one of the fastest growing Northeast Ohio companies by being presented with the prestigious 2007 Weatherhead 100 award.

"Being named a Weatherhead 100 company carries a distinction of achieved excellence in every facet of your business", said Steve Millard, Executive Director of the Council of Smaller Enterprises (COSE).

Ted L. Moss, CPP, President and CEO of Crimcheck.com said, "On behalf of the entire staff at Crimcheck.com, I am honored to accept this prestigious award."
